

No. 517

Nov 2012

Dear Education Runway,

I am very glad to have such an opportunity to communicate to you through writing. How are you over there? Hope you are fine and your families as well. Prossy is alright because she is able to study.

I thank you for the love, care and sponsorship you are giving me. Thank you very much.

I really appreciated the requirements you bought for me and also the pocket money you sent. In fact this information found me at my school KABUKUNGA PRIMARY TEACHER'S COLLEGE P.I.C. Actually I felt like it was a dream because I was felt with a lot of excitement and I was almost running mad. I praise God who gave a chance for choosing me as your daughter, thank you very much for that parental love.

Its like you are an angel because you bought the real thing that I was most need of. I received a mattress, suitcase, shoes, bed sheets, a night dress and pocket money. I again thank you very much.

This year 2012 I am willing to do my promotional examinations which are taking me to second year 2013, that's why I am reading so that I pass well. I will begin on 26th - Nov - 2012 and end on 29th - Nov - 2012.

We are to do six papers which include: Mathematics, Language (English), Science, Social Studies (SST), Professional Education Studies (P.E.S) and cultural paper which combines Religious Education (R.E) Art and Craft Music and Physical Education (P.E). I am promising you to work harder so that I score a good grade.

This term, we had sports competitions like Netball, football and Volley ball and these competitions, involved colleges only of different areas like KABUKONGE P.T.C my college, NDEGETA P.T.C, KIBUKI P.T.C and KABUNAROKI P.T.C. I was also among my college team for Netball and I was serving the centre passes but unfortunately we were defeated by KIBUKI P.T.C and we took the second position in the Overall sports and Ndegeta P.T.C took the fourth position which was the last.

After my studies, I hope to teach lower classes (Baby class) because they are interested in music which is the ^{subject} ~~part~~ that I also do enjoy.

I wish a merry Christmas and a happy new year.

From your loving daughter -
NAMUKONGE Prisca
